**Registration Deadline:
Friday, September 6, 2024**

The Advanced Emergency Medical Technician (AEMT) Course is a comprehensive program consisting of both classroom (didactic), skills lab, clinical (hospital observation) and field (ambulance observation) components. The course adheres to the 2009 National EMS Education Standards which are based on the National EMS Core Content and the National EMS Scope of Practice that define the minimal entry-level educational competencies for each level of EMS training.

This course has been approved by the Pennsylvania Department of Health as meeting the educational course requirement that an applicant for certification as an Advanced EMT (A-EMT) needs to satisfy to be certified by the Pennsylvania Department of Health as an Advanced EMT (A-EMT).
